

SUPPORT OVERVIEW FOR PATIENTS & CAREGIVERS

At the center of your support.

Soleno One™ brings together expertise, education, and resources to streamline starting and staying on VYKAT™ XR (diazoxide choline) extended-release tablets.

For eligible patients who have been prescribed VYKAT XR, our support team can:

Help you understand your insurance and work with your doctor to explore coverage for VYKAT XR

Offer education and other resources to help you learn about your therapy

Provide information on financial support options that may be available

Support access for those who do not have coverage through insurance

Here's how it works:

- 1.** Your doctor will complete the VYKAT XR Start Form and submit it to the Soleno One program, operated exclusively through our specialty pharmacy partner, PANTHERx Rare. Our team will work with your doctor's office to navigate the insurance process.
- 2. Look out for a call from an unfamiliar number.** It may be the Soleno One team calling about your prescription. If you are not available to answer, they may leave a general message requesting you "call back about your prescription." It's important to respond quickly to avoid delays.
- 3.** Once your prescription is ready, the Soleno One team will call to coordinate delivery directly to your home. The team must speak with you before shipping VYKAT XR, so please watch for this important call.

**Need one-on-one assistance?

Help that's one step ahead.

Soleno One provides step-by-step support for starting and staying on VYKAT XR.

Insurance navigation

We'll verify your coverage, help you understand your insurance plan, and work with your doctor to navigate the treatment access process.

Financial support

We can inform you of financial support options based on your eligibility*, including copay assistance to help lower out-of-pocket costs.

Prescription assistance

From day one and beyond, you can count on us for personalized treatment support, educational resources, and help with prescription fulfillment and refill reminders.

About the Soleno One VYKAT XR Copay Program*

If you're eligible for assistance with your prescription costs, we'll enroll you in our VYKAT XR Copay Program, which may reduce your out-of-pocket cost to \$0.

Eligibility requirements include:

- ✔ Must have a valid prescription for VYKAT XR from a licensed prescriber for a use that is approved by the FDA
- ✔ Must be covered by commercial insurance (those whose prescription is paid for by government healthcare programs are not eligible)
- ✔ Must reside in the United States (see Terms & Conditions at <https://soleno.life/terms-of-use/>)

*Copay terms, conditions, and program maximums apply. Other restrictions may apply. This program is not open to patients receiving prescription reimbursement under any federal, state, or government-funded healthcare program or for cash patients. This is not insurance or a guarantee of payment. No cash value. Void where prohibited by law. Please see full Program Terms and Conditions at <https://soleno.life/terms-of-use/>.
